The Ten Steps to a Breastfeeding Friendly Facility - Progress Tracking Sheet

The Ten Steps to a Breastfeeding Friendly Facility Initiative is a quality improvement breastfeeding initiative that engages Pennsylvania birthing facilities in efforts to improve the protection, promotion and support of breastfeeding. It is expected that each participating facility will embark on a three to five year journey to implement the evidence-based Ten Steps to Successful Breastfeeding. This tracking sheet utilizes a check mark to identify the steps each facility has implemented. Facilities that have completed all ten steps are identified as The Ten Steps to a Breastfeeding Friendly Facility Designated. Facilities that have closed completely or that have closed their maternity units are noted in gray.

Current as of 11/03/2026.
